ACADEMIC DETAILS

Bachelor of Technology in Computer Science and Engineering	2024 – 2028
Pranveer Singh Institute of Technology, Kanpur (AKTU)	
Semester 1 SGPA: 9.23 Semester 2 SGPA: 8.77 Current CGPA: 9.00	
Intermediate (CBSE) – 91.6%	2024
High School (CBSE) – 96%	2022

TECHNICAL COMPETENCIES

Programming Languages: C, C++, Python, Java, JavaScript
Web Technologies: HTML5, CSS3, React.js
Databases: MySQL
Other Skills: Data Structures & Algorithms, AI/ML Basics, Project Testing

EXPERIENCE

Chairperson	July 2025 – Present
<i>IEEE Power and Energy Society, PSIT Student Branch</i> Kanpur, India	
- Lead technical initiatives and coordinate events for 50+ student members in power and energy domain - Organize workshops, technical seminars, and hands-on training sessions on emerging technologies - Manage chapter operations including strategic planning, budgeting, and IEEE regional collaboration - Mentor junior members in technical development, competitive programming, and career advancement	
Technical Lead & Tracks Coordinator	2025
<i>ICNGTSE 2025 International Conference, PSIT Kanpur</i>	
- Coordinated multiple technical tracks for international conference on next-generation technologies - Managed speaker scheduling, session planning, and technical content review processes - Facilitated collaboration between academic researchers, industry experts, and student participants	

PROJECTS

Maskters – Fake Internship & E-commerce Scam Detector <i>Team Leader</i>
- Developed intelligent fraud detection system identifying fake internship portals and e-commerce scams - Integrated link analysis and scoring algorithms to assess website authenticity with high accuracy - Led team through complete development cycle: UI/UX design, model logic, and deployment - Selected as finalist at ProTech 2024, competing against 100+ teams nationwide
HerCarePlus – AI-Powered Women’s Health Tracker
- Built comprehensive health tracking app with period tracker, AI nutrition planner, and mental health support - Integrated SOS alert system, disease-based diet generation, appointment reminders, and community forum - Designed responsive interface with machine learning models for personalized health recommendations
Mental Health Management Web Application
- Developed team project to monitor mental well-being and provide online support resources - Led quality assurance, conducting comprehensive testing across all modules for reliability - Presented at TechExpo 2024 and secured 10,000 prize for innovative mental health solution

ACHIEVEMENTS & CERTIFICATIONS

Achievements:

- IEEE Xtreme 19.0 (2025): Global Rank 3895/8169, Score 302.09 in 24-hour coding competition
- HackerRank Ratings: 4-star Problem Solving, 3-star in C, Python, and Java
- Selected participant at GHCI 25 Hackathon by AnitaB.org India for GenAI social impact solutions
- Participant at IEEE International Conference (March 2025)
- Finalist at ProTech 2024 for Maskters fraud detection project
- Technical Lead & Tracks Coordinator for ICNGTSE 2025 at PSIT Kanpur

Certifications:

- Introduction to Generative AI – Google Cloud Skills Boost
- HTML5 & CSS3 – NASSCOM FutureSkills
- Scientific Computing with Python – freeCodeCamp
- JavaScript Essentials – Cisco Networking Academy
- Introduction to Java – Skillsoft
- Python for Data Science
- Introduction to Python Programming

INTERESTS

AI & Machine Learning, Full Stack Development, Research & Writing
